

REMARKS/ARGUMENT

Restriction Requirement:

The United States Patent Office has determined that this application contains claims directed to the following patentably distinct species: 1) Fig. 1 and 2) Fig. 2. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claim 1 is generic.

Response to Restriction Requirement

Applicant elects claims 1-5 which are readable on the species illustrated by Figure 1 of the application, for further prosecution.

Amendment of the Specification

The Examiner has pointed out a typo referring to Figure 9 in the specification at p. 16, line 3. There is no Fig. 9 in the drawings nor in the "Brief Description" at page 7.

Response

The specification is amended to change Fig. "9" to Fig. "8."
